CENTRAL INTELLIGENCE AGENCY

OFFICE OF THE DEPUTY DIRECTOR

✓ Open with few anecdotes/stories

Follow with 10/15 minutes of the real meaning of US-Soviet conflict (history; not numbers).

conclude with importance of intelligence; try to put in proper perspective (more historically but also factually). Also will speak to how we ~~help policymakers understand what~~

help the policymaker understand what all this intelligence is about and not just give them facts.

STAT

MEMORANDUM FOR:

Enclosed is some information which I hope you and Mr Gates will find useful in preparing to attend the USAF/INY Dining Out. Believe this will give you a feel for our organization and some of the people we expect to attend. We are presently making plans for 250 including spouses.

Once you've had an opportunity to discuss the enclosed with Mr Gates, please advise me of the following:

- Whether Mrs Gates is planning to attend
- Choice of entree(s)
- The method of transportation to be used
  - Unique or special parking requirements

I would also ask you to send two more color pictures of Mr Gates.

Noted in your memo of 29 July that Mr Gates was an Intelligence Officer at Whiteman AFB. May I suggest that any tales associated with this initial assignment in Intelligence be incorporated into his presentation as a tour of duty there is something most attendees can relate to and appreciate, including spouses. His "blue suit" experiences could be a starting point for remarks on how Intelligence has evolved.... ranging from how he did business then to what he sees in the future for Intelligence. Again, the common bond for most of the audience is that they have worked or are working in Air Force Intelligence Plans and Systems.

Appreciate your time and effort in planning for Mr Gates to attend; I believe it will be enjoyable and time well spent for him.

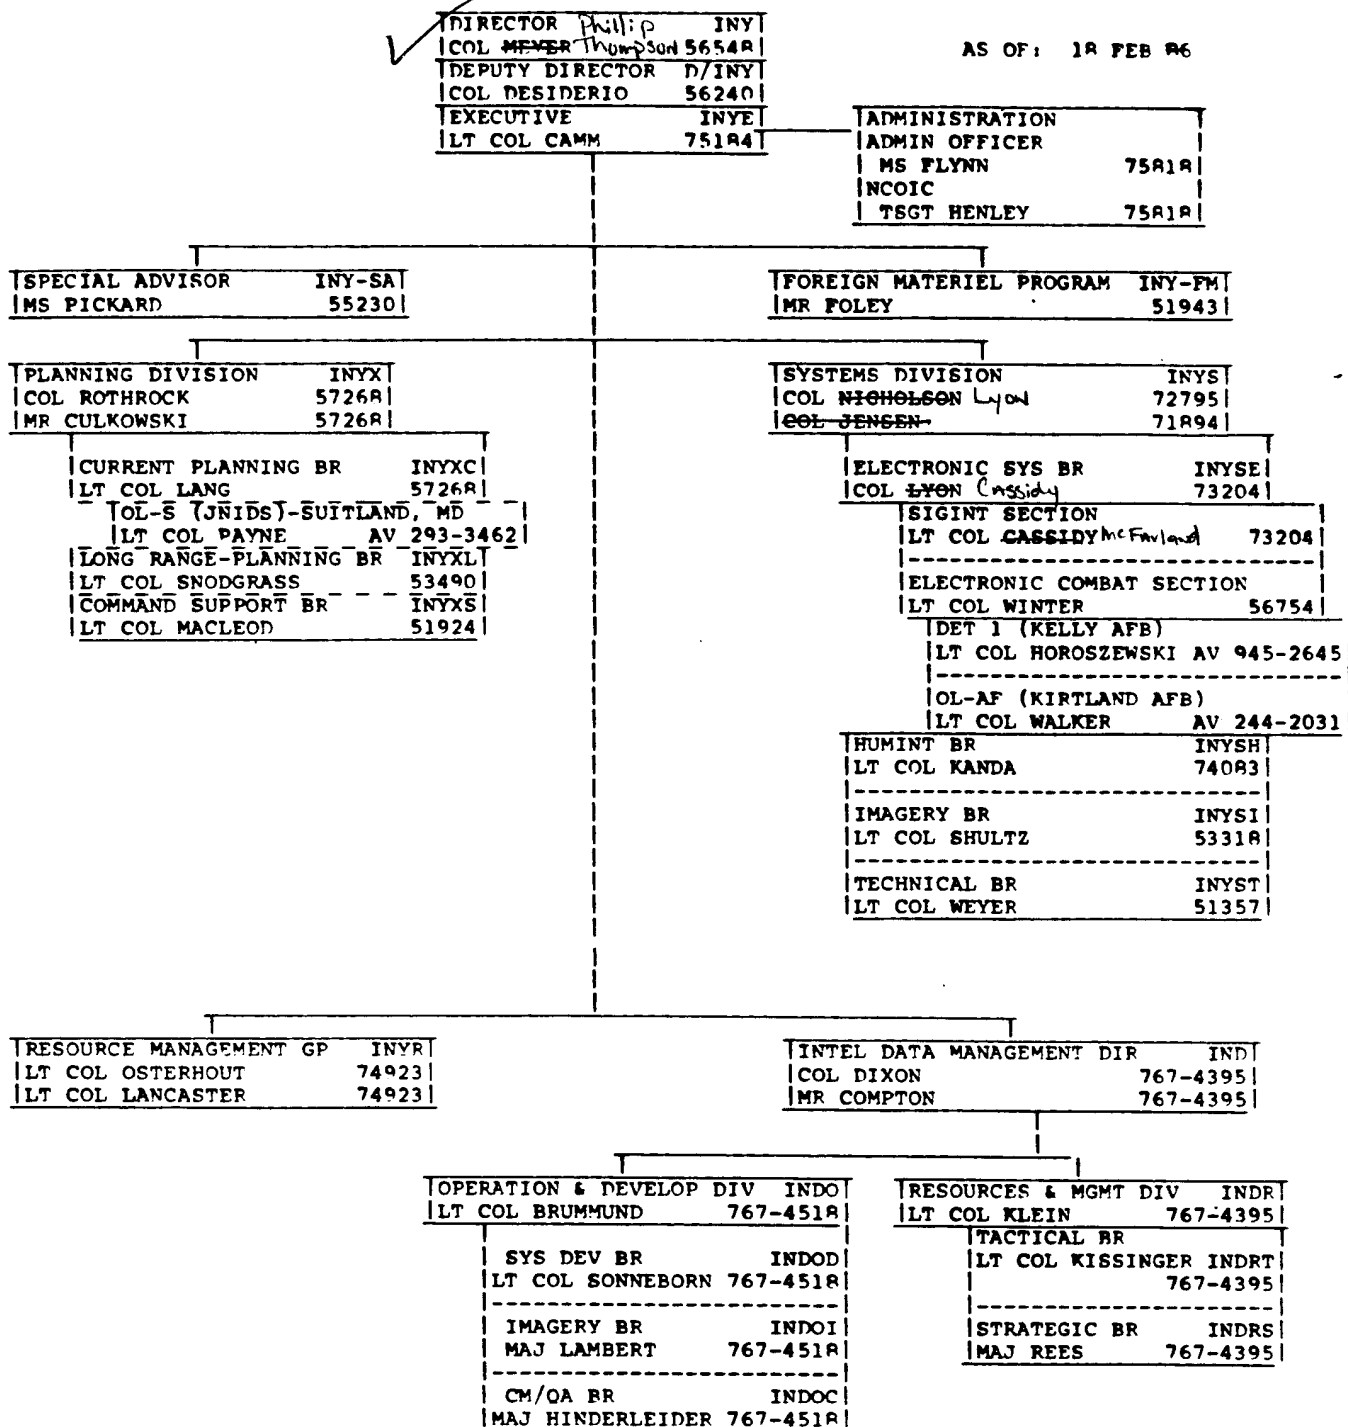

Will provide additional information as we get closer to the 12th and as final arrangements are completed. I would be happy to come over and assist with Mr Gates' presentation if you like, particularly on a day when the Agency lunchroom has a good All-You-Can-Eat special.

Regards,

  
Maj Gary W. Stock
